*** BE SURE TO KEEP CURRENT ON ALL SHOTS. KEEP TRACK OF DUE DATES. ALL PUPPIES NEED CONSISTENT AND ACCURATE TIMING OF SHOTS IN ORDER TO INSURE OPTIMAL HEALTH. FOUR ROUNDS OF VACCINES ARE DUE. PLEASE SEE RECORD ABOVE FOR NEXT DUE DATE.

STANDARD PROTOCOL:

All RMPR puppies are under direction of our Veterinarian. We encourage you to take your new puppy to the vet within 7 days of adoption. All pups are given rounds of metronidazole and albion as preventative protocol drugs as per our Veterinarians. Please bring a fecal sample to your Vet on your first visit for a baseline and to continue rounds of appropriate wormers.

Your puppy will require additional de wormers and vaccines. We have listed all vaccines including those dispensed by the shelter. This is the most accurate record of what your puppy has been treated for. Please consult with your veterinarian for a listing of additional vaccines your puppy may require. Please remember until your puppy is fully vaccinated DO NOT TAKE THEM TO DOG PARKS or other areas where they can come into contact with any unvaccinated dogs. Please consult with your veterinarian for more information.

Rabies - given 6/30/22
